NEWS FROM SOCIETY

Task Forces

In our last annual BSEV meeting, we agreed to start including our members in task forces. We are happy to announce 3 new task forces and their leaders:

- Communications
- Research and scientific events
- Bioinformatics

All members can join to any of these (or all of these) task forces by contacting task force leaders directly or by sending an e-mail to balticevs@gmail.com

Past Events

BSEV Annual Conference 2023

BSEV Annual Conference 2023 in Lithuania (28th-29th of April 2023)

The two-day symposium about Extracellular Vesicles and their role in physiology and pathology took place at the State Research Institute Centre for Innovative Medicine.

BSEV was set an objective to host symposiums to bring prominent experts in the field to exchange the most recent knowledge in this growing field and advance research cooperation within Baltic states.

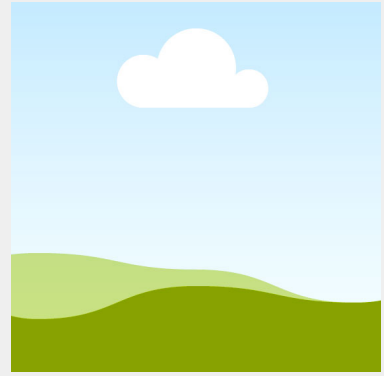

The symposium was featuring the following sessions:

- EVs in physiology and pathology
- EVs in reproduction
- Extracellular vesicles methodologies

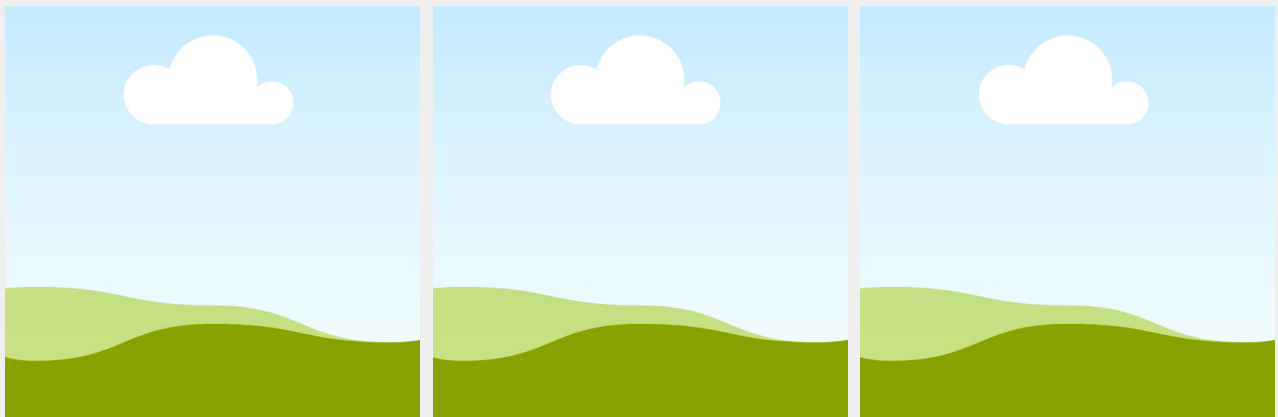

1st MOVE Symposium
